EDUCATION

AMC Engineering College

Bachelor of Engineering in Information Science & Engineering

Bengaluru, Karnataka

Nov 2022 – Jul 2026

PROFESSIONAL EXPERIENCE

Cybersecurity Trainee

Cyber Lancers Pvt Ltd

Jun 2026 – Present

Bengaluru, On-site

- Configuring and monitoring SIEM dashboards using Splunk for log ingestion, security event correlation, and automated alert management
- Deepening expertise in threat monitoring, network security analysis, and security tooling in a hands-on post-internship role
- Supporting incident response workflows and security operations using Prometheus, Grafana, and Datadog across distributed environments

Cybersecurity Intern

Cyber Lancers Pvt Ltd

Feb 2026 – Jun 2026

Bengaluru, On-site

- Conducted security assessments on web applications identifying OWASP Top 10 vulnerabilities and supporting remediation efforts
- Performed network traffic analysis using Wireshark and Burp Suite, investigating security incidents using the MITRE ATT&CK framework
- Designed monitoring and alerting architecture using Prometheus, Grafana, Datadog, and Splunk across distributed systems
- Documented security findings, threat vectors, and remediation strategies following industry-standard penetration testing methodologies

TECHNICAL SKILLS

Cybersecurity: Penetration Testing, Vulnerability Assessment, Security Auditing, OWASP Top 10, Incident Response, Threat Intelligence, MITRE ATT&CK, Network Security

SIEM & Monitoring: Splunk (Log Ingestion, SPL, Dashboards, Alerts), Prometheus, Grafana, Datadog, Security Analytics, Alert Management

Security Tools: Burp Suite, Metasploit, Nmap, Wireshark, OWASP ZAP, Nessus, Nikto, SQLmap, John the Ripper, Kali Linux, Trivy, Snik

DevSecOps & Cloud: Docker, Kubernetes, Jenkins, GitHub Actions, Terraform, Ansible, AWS (EC2, S3, IAM), CI/CD Pipeline Security, Maven, Gradle

Programming: Python, Bash Scripting, SQL, Flask, Django, Git

Platforms & Networking: Kali Linux, Ubuntu, Windows, Cisco Packet Tracer, Network Protocols (TCP/IP, DNS, HTTP, SSH)

TECHNICAL PROJECTS

Multi-LLM Intelligent Assistant | Python, LangChain, FastAPI, LLMs

Jan 2025

- Developed an AI assistant dynamically routing queries across multiple Large Language Models using LangChain and FastAPI
- Implemented intelligent model selection, fallback handling, and reinforcement learning to optimize response accuracy, latency, and cost

Docker-Based Multi-Service Infrastructure | Docker, Ubuntu, Apache, Nginx, Flask, SSH

Dec 2024

- Architected multi-container Docker environments with SSH communication between Ubuntu containers and custom Dockerfiles
- Configured secure inter-container networking, port mapping, and deployed Apache, Nginx, and Flask applications in isolated environments

Security Assessment & Penetration Testing Lab | Kali Linux, Metasploit, Burp Suite, Nmap

Sep 2024

- Established penetration testing lab conducting vulnerability assessments on web applications and identifying OWASP Top 10 security flaws
- Performed network reconnaissance and exploitation using Metasploit, Nmap, and SQLmap on controlled lab environments

CERTIFICATIONS & INTERESTS

Certifications: RedTeam Certified Penetration Tester (CPT v3) | AWS Job Roles in Cloud – Amazon Web Services | Prompt Design in Vertex AI – Google Cloud | DevOps Engineer – Tutedude (In Progress)

Interests: Offensive Security, Application Security, Cloud Security, DevSecOps, and SIEM
